Questions?
Contact the NESS NextGen
mentorship committee at:
nessng.mentor@gmail.com

NESS

The goal of this mentorship program is to connect members of NESS who are newer to the field of statistics and data science with mentors who are more experienced in industry and/or academia.

Am I eligible?
All members of NESS at any stage in their career are encouraged to participate in the mentorship program. If you're interested in becoming a member of NESS, you can sign up at:
<https://nestat.org/membership/>

How will mentors be matched?
Mentors and mentees will be assigned in pairs. These pairs will be based on past experiences and future aspirations.

How do I participate?
The first step is to sign up using the link on the left panel! You are able to be both a mentor and mentee.

The program will kick off at the 2019 New England Statistics Symposium (<https://symposium.nestat.org/>) on May 15-17 at Hilton Hartford with a special reception and meet and greet. You do not have to attend the symposium to participate.

After that you and your mentor/mentee will decide how often you would like to meet. Meetings can be in person or over Skype.
